

Dear Sir Laher G,

Thank you very much for an educational year in this mosque. It has truly been a great, unique year. You have contributed a lot to the school, and I'm truly grateful.

You're study strategies maybe strict but they're effective. I've learned Surah and things about Islam. You've made us revise everything every week. This may have been a little aggravating, but you always meant good for us.

You're funny when you teach us, and I learn faster as I remember the lessons. You tell us stories frequently and we enjoy immensely.

You have always arranged pizza for us, every Sunday. We LOVE it! I'm very grateful for it.

You have different activities for us, often. Some students are doubtful that they won't be fun, but they are and we always gain something out of it.

Thank you very much for everything. :)

Fatima Faruq,

Fatima Faruqi
