

Dear Mr. Laher Geeee,

Why haven't I known about your class earlier this year? Your class has ~~et~~ enlightened me in so many ways. I like how your teachings are related to us, teenagers. You are an amazing teacher, and I enjoy every single class you teach. I ~~like~~^{enjoyed} our debates that other day. And I like how you challenge me to be a better person. I find it kind of impressive how you are a lawyer and you still have time to teach us.

Thank you for having time to teach us and striving to help the Islamic community. I ~~really~~^{truly} appreciate that!

Thank you,
Henan Yord
