

You should join The Green Steps
Leadership Academy because it teaches
you why we are here on earth past the
obvious of being a muslim, to make the
world a better place. you are able to move
at your own pace instead of being dragged
along with the rest of the class when you may not
~~understand what~~ be at the learning level
that others ~~may be at~~. However, just because
you are allowed to go at your own pace
doesn't mean you should slack off. This
class isn't going to be easy however if you
commit to learning these things that will
make you a better muslim as well as a better
person in moral values

Dear Able,

Dear Father,

Thank you for everything you have done in my life, from making sure I got to every soccer game as a little kid to making sure I was able to go to college even when we didn't have all the resources to make it easy to go my first choice college. Thank you for never giving up on me even at times when I have been stubborn or hard to deal with. I am so grateful to have a father who cares a lot about everything that goes on in my life and wants better for me than you do for yourself. I ~~wish I~~ ~~could~~ hope someday I will be able to repay you somehow for all you have done, are doing and will do in the future to help me become the person that I am today. I don't know where I would be today without you. Thank you for working hard day and night to make sure our family is always in good hands. Thank you ~~from~~ for always ~~to take the~~ taking the time to make your presence in my life very apparent even when I'm away from you ~~that~~ months at a time, you were always there for me. Thank you for everything you do for me. I love you.
